We need **YOUR** support! 

With the end of 2023 rapidly approaching, we are staring down the barrel of the next presidential and state elections.

With that being said, we need YOU to help bring in more supporting members who care about our 2A rights and encourage them to join our Association. With support from people like you, we are able to lobby in Madison to ensure your rights are not encroached upon, but we need even more action for this 2024 cycle.

If you know someone who cares about gun rights, make sure they are doing their part in protecting them!

# NRA STATE CONF.

President Rob Kovach, and Board Members Victoria LaBrosse & Alex Juschychn attended the NRA State Conference hosted by NRA-ILA.

Wisconsin Firearm Owners is the only Wisconsin State NRA association, and we are proud to serve the Wisconsin people to protect our 2A rights!

The event was a big hit, with lots of people in attendance! Additionally many 2A supportive elected officials came and gave updates on 2A and political related events such as State Senator Testin, Senator Ron Johnson and Congressman Tom Tiffany.

We thank the NRA-ILA for putting on such a great event!

# IN THE NEWS:

## GUN CONTROL REVEALS MERCHANT CODE IS STEPPING STONE TO WATCHLISTS AND BANS

By Larry Keane on NSSF

Gun control groups are pulling back the curtain to reveal that their plan to add a firearm and ammunition-specific Merchant Category Code (MCC) for gun retailers isn't about tracking guns. It's about tracking you.

Andrew Ross Sorkin, a New York Times columnist who proposed this idea years ago, penned a column outlining the "next steps." That revealed that the pressure campaign by federal lawmakers, state

attorneys general, state lawmakers and activist banks on the International Organization for Standardization (ISO) to create a unique MCC for gun retailers was just the beginning. It was never about gathering data to aid law enforcement. It is, and always has been, a concerted effort to pressure credit card companies to deny lawful purchases of firearms and put every single gun purchaser on a watchlist.

Since the federal government is forbidden by law from creating and maintaining a searchable database of gun owners, this task is being outsourced to private industry.

An international body of unelected bureaucrats, not accountable to the American public, is setting the conditions that will allow credit card companies to track, categorize and report "suspicious" purchases to law enforcement. This is the definition of an Orwellian society.

NSSF & Others have helped lobby against this in WI. Currently Assembly Bill 468 - banning these sort of codes - is circulating in the Wisconsin State Assembly. It is scheduled for a hearing the first week of November.
